PROFESSIONAL PROFILE

Motivated Frontend & Flutter Developer and fourth-year Information Technology student, promoted to fifth year, with practical internship experience in modern web and mobile development. Skilled in React.js, TypeScript, Flutter, and low-code platforms, with a strong eye for UI/UX, clean architecture, and collaborative delivery.

PROFESSIONAL EXPERIENCE

React Developer Intern 3 Months · 2024

IxCoders · via Sanad Youth Development Team

- Developed React.js components using JavaScript and TypeScript within a professional team environment.
- Collaborated with senior developers on feature implementation, code reviews, and debugging.
- Built practical experience in component architecture, state management, and clean-code workflows.

Low-Code Developer 2 Months · 2024

Digit

- Built and customised business applications using low-code platforms to accelerate delivery.
- Designed workflows and automated processes to meet client requirements efficiently.

Frontend & WordPress Trainee 2023 - Present

Sanad Youth & Manarat Company · Damascus

- Completed practical training in HTML, CSS, React.js, and WordPress through hands-on exercises.
- Applied training assignments to build responsive pages and improve frontend implementation skills.
- Developed communication, teamwork, and problem-solving skills in a collaborative learning environment.

EDUCATION

B.Sc. Information Technology 2022 - Present

Al-Sham Private University · Damascus, Syria

Fourth-year student, promoted to fifth year. Key coursework: Web Development, OOP, Data Structures, Database Systems, and Software Engineering.
